Dear Sir:

SECOND PRELIMINARY AMENDMENT

Please add the following new claims 49-54 as follows:

In the Claims:

49. (New) A supplier identification and locator system whereby a user can identify a supplier of goods or services comprising:
- a plurality of directory Web sites wherein the directory web sites comprise:
 - a directory web site domain name that is at least partially descriptive of a class of goods or services;
 - a plurality of supplier links where activation of a supplier link accesses a Web site having information regarding the supplier;
 - a plurality of supplier descriptive portions substantially adjacent to the link that accesses the Web site having information regarding that supplier;
 - a descriptive title portion substantially corresponding to the description of the class of goods or services described by the directory web site domain name;
 - a rollover window that displays information about at least one of the suppliers corresponding to a supplier identified by at least one of the links; and
